

DESCRIPTION

Enhanced multi-purpose citrus-scented degreaser. Made with rapidly biodegradable raw materials, removes all types of dirt without harming surfaces and leaves a long-lasting clean fragrance. Ideal for general cleaning.

TECHNICAL SHEET

PROPERTIES

- Powerful, eco-friendly degreaser of the new generation.
- Formulated with rapidly biodegradable raw materials, it quickly removes dirt of all kinds without damaging surfaces or paints.
- High cleaning power, even with extreme dirt such as greasy and oily deposits, hard crusts, and much more.
- NEXT is an all-purpose cleaner ideal for cleaning: Vehicles and boats: interiors and exteriors, floors and waterproof surfaces such as: tiles, linoleum, PVC, laminate, granite, artificial stone, teak, etc., docks, balconies, terraces and stairs, doors, windows and furniture, sunshades and awnings, glass and plastic surfaces, plastic and lacquered metal furniture, etc., also excellent for cleaning air conditioner filters.

APPLICATION AREAS

- Agriculture
- Automotive
- Home / Garden
- Air conditioning
- Community services
- Facility management
- Industry
- Marine
- Transportation

APPLICATION

- Spray the diluted product onto the surface to be treated. The use of hot water speeds up the cleaning process.
- Let it sit and scrub with a sponge or brush.
- Rinse with water.

DILUTIONS

Normal dirt: 3 to 5% (for each liter of water, add 30 to 50 ml NEXT).

Heavy dirt: 7 to 10% (for each liter of water, add 70 to 100 ml NEXT).

Pressure washer: 5% (for each liter of water, add 50 ml NEXT).

Floor cleaning machine: 10% (for each liter of water, add 10 ml NEXT).

TECHNICAL SPECIFICATIONS

Color	Yellow
Odor	Lemon
Pure pH	12.5 ± 0.5
pH at 5%	12.5 ± 0.5
Density at 20°	1.03 ± 0.05 g/cm ³
Freezing point	-5°C
Biodegradable	100%

PACKAGING

Code	223
Format	1 L bottle
Box	12 pieces
Pallet	40 boxes

Code	225
Format	5 L canister
Box	4 canister
Pallet	24 boxes
