

PEAK

Brake cleaner

DESCRIPTION

New-generation fast-evaporating cleaner for disc and drum brake systems. The powerful spray jet ensures complete removal of stubborn dirt, grease and oil.

TECHNICAL SHEET

PROPERTIES

- Designed for optimum cleaning of clutches and brake bodies of disc or drum brakes such as brake callipers, pads, shoes, cylinders, plates, etc.
- The powerful spray jet ensures complete removal of stubborn dirt, grease and oil.
- Dries quickly without leaving any residue.
- Does not corrode metals or damage rubber parts.
- Restores the effectiveness of the brakes without having to dismantle them.

APPLICATION AREAS

- Automotive industry

APPLICATION

- Spray onto the surfaces to be cleaned and then wipe off with a clean cloth.
- Repeat the process for stubborn dirt.
- Do not spray on hot parts.
- Before use, test for compatibility with plastic or rubber parts and painted surfaces in an inconspicuous area.

TECNICAL SPECIFICATIONS

Appearance	Clear liquid
Color	Without color
Flash Point	Below 0°C
Relative density	0.73 gr/ml ca.
Water solubility	Insoluble
Lipid solubility	Soluble
Heavy metals	Not included

PACKAGING

Code	923
Format	Aerosol 650 ml (netto 500 ml)
Box	12 pieces
Pallet	60 boxes
