

DESCRIPTION

Powerful ecological degreasing detergent for engines, frames and industrial floors. Effective on grease, oils, sludge, scuff marks and rubber streaks. Contains no phosphates or nitrilotriacetic acid (NTA).

PROPERTIES

- Powerful, concentrated, eco-friendly degreasing detergent.
- Effective in removing grease, oils, grime, foot traffic marks, and rubber streaks from floors, etc.
- Excellent cleaning performance even with hard water and at low temperatures.
- Free from phosphates and nitrilotriacetic acid (NTA).

APPLICATION AREAS

- Engines, frames, and mechanical parts
- Earth-moving machinery
- Industrial flooring
- Trucks and tarpaulins
- Agricultural vehicles
- Rolling stock components
- Boats
- Sheet metal parts
- Etc.

APPLICATION

Spray the diluted product onto the surface to be treated. Allow it to act for a short time, then rinse with a high-pressure hot water washer. Do not apply on delicate surfaces or on Ergal, duralumin, titanium, or untreated aluminum.

For winter use, it is recommended to dilute with warm or lukewarm water to ensure immediate penetration of the detergent and achieve optimal degreasing results. If hot water is unavailable, wash using warm or lukewarm water.

Dilution ratios:

- Deep degreasing: add 150–300 ml of product per liter of water
- Strong degreasing: add 50–100 ml of product per liter of water
- Pressure washer: add 20–50 ml of product per liter of water
- Scrubber dryer: add 50 ml of product per liter of water

TECHNICAL SPECIFICATIONS

Color	Straw yellow
Odor	characteristic
pH	13.8
Specific weight	1.096 kg/l

PACKAGING

Code	232
Format	20 Kg canister
Pallet	24 canisters

Code	233
Format	200 Kg drum
Pallet	2 drums
